Jinbao Tuba Outfit!

Jinbao Tuba Outfit!

- 3 valve, economical tuba
- used in school band successfully for several years
- Hardshell case included!

Although we do not USUALLY recommend no-name instruments manufactured overseas, most name brand tubas are not budget-friendly. This fellow plays well and comes with a nice quality hardshell case for protection...

Would make a great horn for a budget-conscious private school or beginning students!

It's not a Yamaha ... but it's not \$6000 either!
